The wonder of your story

CHRISTMAS IS a time that brings out the magic in all of us. It brings out the magic of our life's story. It's in the moments, the milestones and the memorable times we've had. It's in the traditions that have been passed on and the ones that are just beginning. And it's in the feeling we get when we share it all while gathering around our trees.

Every year, our Keepsake artists set out to create unique and beautiful ornaments that help you lovingly share with others, "This is who I am—someone who believes."

Someone who believes in the wonder of the season. Someone who believes in the power of memories. Someone who believes in the magic of their own story.

Whether you're looking to capture the memory of an important life event from this past year or searching for an ornament people will say is "so you," we hope this year's Keepsake Ornament Dream Book helps you find all you need to keep telling your wonderful story for many Christmases to come.

The Sound-A-Light Tree actually “listens” to the music in your room to create a unique light show.

A special Christmas light show

THE TRADITION of going to see colorful outdoor lights at Christmastime is a highlight for many families.

So Keepsake Engineer Phu Dang challenged himself to create that same magical atmosphere inside your home with a tree that reacts to whatever music it hears—from your phone, the radio or even a festive carol on the piano!

And he delivered, building a whole new experience that can immerse your family in the wonder of Christmas and add some extra magic to your celebration.

New Sound-A-Light technology features three

distinct modes—listen mode, where the lights flash and change color with the beat of the music being played in the room; show mode, which lets the tree play its own classic Christmas music to interact with; and lamp mode that will gently flash colors to keep you feeling festive even when no music is being played.

Whatever mode you want to enjoy, this immersive technology will help you put on a Christmas show like nothing your family has ever seen before. Stay tuned for more from our Sound-A-Light collection next year.

► See how it works at Hallmark.com/SoundALight

Watch as the tree's lights change color based on the music it hears.

Easily keep track of your Sound-A-Light remote by hanging it on the tree.

Watching the Hogwarts Tree Topper play the theme from Harry Potter never gets old for Keepsake Artist Orville Wilson.

SPELLBINDING STORYTELLERS

Through both books and movies, families have been gathering to share the incredible story of Harry Potter for years.

And now, you can bring the magic of the Wizarding World to your tree with the new Harry Potter Collection Storytellers ornaments and the coordinating Hogwarts Castle Tree Topper.

Inspired by the first movie in the Harry Potter series, *Harry Potter and the Sorcerer's Stone*™, the Storytellers ornaments interact with one another and with Hogwarts castle to tell the story using real audio from the film. And with two additional characters coming in 2020, this adventure is just getting started.

“The castle plays the main theme from the movie when it is by itself, but as you add more characters, they will start to interact with each other in a bigger, more exciting performance,” explains Keepsake Artist Orville Wilson. And depending on which scene the Storytellers ornaments are playing, their location within Hogwarts will light up, drawing you even deeper into the story.

“It really brings Harry Potter into your home,” says Keepsake Artist Kristina Gaughran. “When people watch all these ornaments in action and they get the same goosebumps that I got seeing them, they are going to want all of them on their tree.”

A ONE-OF-A-KIND TOY SHOP

WAS THERE ANYTHING more exciting as a kid at Christmastime than visiting the local toy shop or toy aisle to get an up-close look at all the new toys? Well, Keepsake Artist Ken Crow added a whole new level of magic to the experience by making Santa Claus the tour guide of his own very special toy shop.

Kringle's Toy Shop combines the nostalgia of classic toys with intricate artistry and engineering to create

a work of wonder for you to show off on your tree.

Using sound, light and motion, watch as Santa takes two children—inspired by Ken's own children—on a tour of his store. Carousels, toy bands and other toys come alive with the push of a button in this magical showcase of Kris Kringle's wondrous shop.

40 YEARS OF FROSTY FRIENDS

IN 1980 when Jim Mahon created the first Frosty Friends ornament, A Cool Yule, there was no hint that the series would still be going strong 40 years later.

But this year, we're celebrating that very milestone with a special magic ornament featuring Frosty and three of his most popular friends—the husky pup, the penguin and the harp seal.

So why do people love Frosty Friends? Is it the cute factor? According to Product Development Director Jim Tronoski, it has to do with family traditions.

“Families have started this tradition of buying this series year after year, and they want to continue carrying it on.”

Keepsake Artist Tom Best believes it has something to do with the friendship and fun Frosty and his animal friends represent.

“It goes back to this 1950s TV idea of a boy and his dog and their latest adventure,” Tom explains.

LOVE-FILLED MEMORIES, LIFELONG BLESSINGS

CHRISTMAS IS A TIME for family and friends to gather together. As we catch up, perhaps over warm cups of cocoa, we reflect on our shared history, celebrate new chapters in our lives and express appreciation for each other. And in doing so, we reconnect, strengthen our bonds and grow even closer than we were before.

Give your loved ones something special to highlight all the magical moments they've experienced in the past year: milestones, exciting new additions and all the wonderful experiences in between.

CELEBRATE YOUR GRANDCHILD'S FIRST

FROM THE MOMENT you meet them, grandchildren steal your heart and bring so much happiness. Celebrate your family's newest little bundle of joy with this beautiful carousel-inspired ornament from Keepsake Artist Edythe Kegrize.

“Where I grew up in New Jersey, there was a boardwalk with kiddie rides,” Edythe says, “and I always liked to look at the fanciful, cute animals on the carousel.”

With intricate etched-metallic overlays, gentle-yet-bright pastels and whimsical animal designs, this ornament conveys the cute playfulness you see and love in grandchildren.

Let it be a yearly reminder of this happy time in your family's life.

SWEET MEMORIES

FOOD IS SUCH an important part of the holidays. Gingerbread cookies, cupcakes—and yes, even fruitcakes—hold a special place in our hearts and tummies. It’s an opportunity for families to come together and enjoy each other’s company. Christmas just wouldn’t be the same without these confectionary comforts, as they help make the season extra sweet.

Let nature's beauty invite you in

DECKING THE HALLS for the season has long been a treasured tradition. Now you can capture holiday memories outside as well, with our first outdoor-safe Keepsake Ornaments.

Special care was taken to make sure these ornaments were ready for the great outdoors.

"We had to make sure we had the right materials that would survive in Juneau, Alaska, and in Miami, Florida," says Keepsake Engineer Jean Newton.

Using the first three birds from Keepsake Artist Edythe Kegrize's popular Beauty of Birds ornament series, these shatter-resistant outdoor decorations combine durability with the first-rate craftsmanship Keepsake Ornaments are known for. "They are a little bit more generous in size," Edythe says, "but they still have many of the same qualities found in the original Beauty of Birds series."

A WISH FOR GOODWILL

Each Father Christmas ornament in the beloved series comes with his own message to deliver on the scroll he carries.

And according to their creator, Keepsake Artist Joanne Eschrich, he has an especially important message this year.

“It seemed appropriate to remind us all of peace again,” she says, “and I thought it was important to have him holding the world so that it isn’t just wishing peace to you and me but to the whole world.”

Each Father Christmas comes with his own scroll containing this heartfelt Christmas wish.

MEET A NEW KIND OF NUTCRACKER

WHILE MOST NUTCRACKERS have a traditional soldier aesthetic, each ornament in the new Noble Nutcrackers series will be dressed to reflect its own unique kingdom.

“There will be all kinds of different attachments on these ornaments that correspond to the domain each nutcracker rules,” explains Keepsake Artist Terri Steiger.

The first in the series, the Prince of the Forest, is adorned with greenery, twine boot lining and a bottlebrush-tree crown, all representing the great outdoors. What kingdom is next in this new series? Terri says you’ll just have to wait and see.

Make a special Christmas memory

Painting their own gingerbread house ornament is a fun moment shared among Keepsake Editor Lindsay Evans and her sons.

CREATE YOUR OWN one-of-a-kind ornament with our Paint-Your-Own Gingerbread House Kit. With six pots of paint and plenty of glitter to go around, this kit has everything you need to make something uniquely you.

“There’s really no wrong way to do this,” says Keepsake Artist Nina Aubé.

“The main goal is just to have fun and paint it whatever way you want.”

“My hope is that people who purchase this ornament find the same enjoyment in the process that we do here at Hallmark but create something that’s completely their own to preserve and cherish.”

This DIY activity is fun for anyone who wants to add a little creativity to their decorating. So grab your kids or some good friends and create some fun memories this holiday season.

EACH ORNAMENT in the new Holiday Parade series will feature a cheery snowman driving a themed vehicle in a festive holiday parade.

For the first in the series, enjoy the Tammy's Tree Farm truck showing off its traditional bottlebrush tree.

Disney PRINCESS

THE MAGIC OF DISNEY meets the wonder of Keepsakes with the new Live Your Story Disney Princess tabletop display. Relive your favorite musical moments as each princess gives you a show worthy of royalty.

Simply place a Disney Princess on the raised platform in the center, and watch as the castle magically comes to life behind her as she sings her classic song.

“The platform is the courtyard in front of the castle, and each princess gets to be center stage with her own light show and music,” says Keepsake Artist Robert Hurlburt.

Songs include “Some Day My Prince Will Come,” “A Dream Is a Wish Your Heart Makes,” “Once Upon A Dream,” “Part of Your World” and “Beauty and the Beast.”

Timeless stories, endless fun

THE KING HAS ARRIVED

Twenty-five years ago, the world met Simba, the young lion prince who would eventually become the king of the Pride Lands. And ever since, Disney's *The Lion King* has captivated audiences young and old.

"At the heart of the movie is this great coming-of-age story, and it really has something for everyone in the family," says Product Development Manager Charles Young. "For the children, there's Simba being young and playful, but for the adults it can be very Shakespearean."

Commemorate the anniversary of this beloved Disney classic with this magical re-creation of Simba, Timon and Pumbaa walking along together as Simba grows into adulthood. Press the button on the ornament to watch it light up and play music from "Hakuna Matata."

80 YEARS OF OZ

"A heart is not judged by how much you love; but by how much you are loved by others."

If these words from the wizard are true, then the 1939 movie *The Wizard of Oz*™ has a whole lot of heart. Eighty years after it first premiered in theaters, the movie has a long-lasting legacy of delighting generations of families.

"I remember growing up it was one of those movies that they showed once a year on TV, and everyone would gather around to watch together," recalls Product Manager Kurt Gaulke.

With the wizard's hot air balloon crafted from glass coupled with metal accents, this ornament is a premium interpretation of a beloved classic. Relive your own memories of this treasured movie and take another trip over the rainbow.

LOOKING FOR Halloween decorations that are fun for the whole family? Look no further than the new Monster Mash Collection Storytellers ornaments. Featuring Frankenstein's Monster on bass guitar, Dracula on the pipe organ and Wolfgang the Wolfman on drums, this spooky supergroup is ready to jam out for you, playing their own version of the hit Halloween song "Monster Mash."

"It's this iconic song that everyone knows, so we knew it would be a great way to tell a story," says Keepsake Editor Lindsay Evans.

"I definitely wanted to make the monsters in my very own style," says Keepsake Artist Jake Angell. "I really wanted these to have such an appealing look that they kind of make you chuckle when you see them; they're such a goofy group of ghouls."

Start a new Halloween tradition this year by booking these Monster Mashers for your Halloween festivities. Plug them into the Keepsake Power Cord to enjoy their continuous light show, then press any ornament's button to watch them sing their verse from the song while the other monsters sing backup.
