For 51 years and counting, we've been in the business of creating Christmas magic. It's at the heart of everything we do, in each sketch and every sculpt. But none of it would be possible without you.

Each time you hang an ornament in your home, celebrate cherished traditions or share joy with the ones you love, you bring Christmas magic to life. Thank you for letting us be part of it.

Make it merry. Make it bright. Make it yours.

WHAT MADE YOUR YEAR SHINE? As you untangle strings of lights, unbox ornaments new and old, and merrily trim the tree, you share that story—the favorite memories, inside jokes, precious milestones and everyday moments that made the last 365 days oh, so special.

Maybe this was the year the kids finally talked you into getting a kitten. Maybe you rewatched every episode of your favorite show...*twice*. Maybe you welcomed a new grandbaby, bought your first home or went on the family vacation of your dreams.

For every moment that feels like magic, there's a Keepsake Ornament to celebrate it. Because the ornaments you hang on the tree are so much more than decorations. They're a celebration of the one-of-a-kind joys that fill your heart. They're a window into Christmases past, present and future, all at once. And they're a reminder of the moments that matter most—the ones you want to hold on to forever.

SPECIAL DELIVERY

“This year, we’ve reimagined the 2021 North Pole Village ornament as a tabletop piece,” Keepsake Artist Sharon Visker says. “The larger size allows all the little details to really shine.”

Sharon says she cast the larger figures in wax and carefully resculpted and sharpened the features by hand. Then the team worked together to get the North Pole Village up and running in time for Christmas.

The finished piece includes light, music and dialogue from Santa welcoming you to the North Pole. Mrs. Claus waves, and the elves pack gifts as the reindeer turn their heads to watch. Then the train circles around the tracks to the post office, delivering Christmas magic to us all.

12DaysofChristmas

A PARTRIDGE, A PEAR TREE...

And a new series! Keepsake Artist Gregor Benedetti is bringing the 12 Days of Christmas to your tree. These exquisite papercraft ornaments feature multiple layers of intricately cut paper, gold accents, the number for each day and the song verse printed on the back.

"With this format I can make multiple images within the layers, which allows me to add a lot more detail," Gregor says. "It's quite the process but, luckily, I'm not doing it all on my own. A lot of credit goes to R.J. Stebbins, a paper technical engineer wizard. After working with him on other projects, I knew he'd be able to translate my vision into a 3D paper look."

Next year, the series continues with—you guessed it!—two turtle doves.

GATHER ROUND THE WREATH

“For the 2024 artist collaboration piece, we wanted two artists to lead the way—one sketching the design and one doing the actual sculpting,” says Keepsake Artist Gregor Benedetti. “So this ornament will be more personal to the lead artists, and we’re all really excited about that.”

While brainstorming, Gregor was inspired by the theme of past meets present. He centered his idea around 1979’s Here Comes Santa reading the *Dream Book* as characters from the Playful Penguins and Gnome for Christmas series look on. Gregor also added other series into the wreath along with real 14k gold accents.

“It was really fun to sketch these beloved characters from other artists in my own style,” Gregor says. “My only question is...what’s on their Wish List?”

CUP OF COZY

"As a newer artist in the studio, I'm honored and so excited to be working on my first series," says Keepsake Artist Iman Zadrozny. "It's all about those warm, holiday feelings, and each future ornament will include a novelty mug and cookie. They'll all be made in porcelain, but I'm adding little details to give each ornament its very own personality. For this year's gingerbread theme, I added a dollop of cream with cinnamon sprinkled on top."

SEASON'S GREETINGS

In 1924, artist Vivian Smith began her career at Hallmark. Now, 100 years later, Keepsake Artist Matt Johnson is giving her work a new life.

"I had the idea for a nostalgic series inspired by classic holiday cards from the Hallmark archives. My team knew we wanted to start with Santa, and Vivian's beautiful card illustration was perfect."

Matt worked carefully to interpret texture, color and shape from the illustration into 3D form. The result? An ornament filled with vintage charm and retro details—from the gifts wrapped in ribbon to the jolly sprig of holly on Santa's hat.

"I love that we are bringing artwork from the past back to life," Matt says. "I wonder what Vivian would think of the final result?"

Christmas

CHRISTMAS IS...

For Keepsake Artist Tim Bishop, Christmas is all about those special moments that make you appreciate the little things in life. And, as a new member of the Keepsake Studio, he says one of those moments was sculpting his first series ornament.

"This series is based on the iconic 'Happiness is...' idea. They're simple scenes, yet really sweet, warm and heartfelt," Tim says. "It's important to me that a person sees this ornament and gets those feelings immediately."

This year's ornament, which reads "Christmas is... connecting with far-away friends," features the beloved Charlie Brown eagerly opening his mailbox to discover a card with his name on it. Lucky us, Tim says there's a lot more joy (and ornaments!) where that came from.

KIDS AND KIDS AT HEART

Whether you're making memories or reminiscing on Christmases past, discover the childlike wonder waiting for us all.

MAGIC

Performs a scene from the beloved Disney Parks attraction with sound and motion.

DREAMS DO COME TRUE

Modeled after the original It's A Small World attraction at Disneyland, this whimsical ornament features iconic details that'll make you feel like you're experiencing the ride all over again.

"The team wanted to create an ornament that Disneyland fans would love, so we made sure to capture everything that makes it feel special," says Art Director Charles Young. "This ornament has constant sound and motion as the clock face moves to a tick-tock sound. And if you press the button, the children circle the building and sing the treasured song 'It's A Small World.'"

UP ON THE TREETOP

With a sleigh full of holiday treats, ol' Saint Nick is here to introduce our new ShowToppers mini tree toppers and the coordinating tree.

"When you plug the tree topper into the accompanying mini tree, the lights will immediately switch to a vintage color palette with white, pink, mint green and gold. And when you press the button on the back of the sleigh, a musical light show plays to 'Up On the Housetop,'" Engineer Kristina Ferguson says. "It's absolutely precious!"

The best part? All three of these ShowToppers are interchangeable with the same mini tree and any future ShowToppers (hint, hint!) will be, too.

HAPPY HOWLIDAYS

What's furry, festive and, oh, so fun? Keepsake Artist Sharon Visker's new series of mini, merry pups, of course! A dog lover herself, Sharon says this series is about all kinds of dogs: "the mixed and mutts and rescues."

Featuring playful cartoon styling, this year's design was inspired by a corgi mix. And, while future fur-babies in the series are a mystery for now, Sharon did throw us one bone.

"Every Howliday Helper will include a festive accessory—it could be a hat, a scarf, maybe even a little dog toy," she says. "You'll just have to wait and see."

FAN FAVORITES

Epic adventures, heroes and villains, classic icons and the lines you love to quote—we're bringing the fun for all fankind.

THE SECRET IS OUT

Our new collection of Harry Potter and the Chamber of Secrets™ Storytellers is here. Featuring real dialogue from the movie, Harry, Dobby, Ron and Hermione come to life with the push of a button—no parseltongue required!

"These ornaments are filled with details fans will love," Keepsake Artist Kristina Gaughran says. "One of my favorite parts is Tom Riddle's diary laying at Harry's feet."

Keepsake Artist Orville Wilson is also excited to introduce the Whomping Willow™ Tree Topper, featuring the Weasleys' iconic flying Ford Anglia with glowing headlights.

"Another fun thing I got to do is model the remote after the door to the Chamber of Secrets™ with the interlocking snake heads, which was really cool," Orville says.

THIS IS HALLOWEEN!

Just like Dr. Finkelstein's creations, his lab has come to life. This time, however, the mad scientist had a little help from Keepsake Engineer Samantha Heryford.

"There are so many details on this tree topper to see, hear and experience," Samantha says. "There are lights illuminating the tower, the dome, Jack on the steps and Sally in the window and over 8 minutes of dialogue from the movie. But maybe the coolest part is that when you place the topper onto your tree, skeleton reindeer project onto the ceiling."

That's not all—connecting the Dr. Finkelstein ornament unlocks even more interactive content. Talk about a treat!
